Country Images Camera Club

Country Images Camera Club was formed in 1984 to fill a need for a photographic club in York Region.

The purpose of the club is threefold...

- I. To promote the art of photography.
- II. To inspire interested photographers.
- III. To develop advanced photographic techniques among members.

Country Images Camera Club is for photographers of all ages and skill levels. Whether you have been involved with photography for many years or have just recently developed an interest, the monthly meetings, workshops, outings and competitions will prove stimulating and educational.

Meetings are held on Tuesdays of each month, September to April (see program and web site for details). The program is highlighted by fascinating presentations by professional and advanced amateur photographers.

Outings are an enjoyable way to practice photographic techniques while in the company of fellow enthusiasts. Workshop sessions are also held to provide an opportunity to concentrate on the latest innovations in things photographic. Competitions are held throughout the year to encourage member participation.

Trophies to be awarded during the season include the Pauline Brunner Memorial Nature Trophy, the Harry Cartner Founder's Award for the Digital Image of the year, the Jiri Polak Digital Image Award, and the Bob Dargent Digital Darkroom Award.

The year culminates with the "Photographer of the Year" awards at the annual club banquet.

The club is a member of the Greater Toronto Council of Camera Clubs, whose sponsored events are open to our members. For more information see <http://www.gtccc.ca>
